Download Windows 8 End User Training Brochure from ... Windows has been reimagined to be all about you and your style of working. Put what matters most right on your Start screen, and get instant access to your people, apps, sites, and more, so you can spend less time searching and more time doing. Adding and Managing Users in Windows 8 | PCWorld In Windows 7 and other prior versions of Windows, youâ€™d simply click on Start, open up the Control Panel, and select the option to manage the user accounts. In Windows 8, though, there is no Start button, and thereâ€™s also no direct way to get to the Control Panel. Create a user account in Windows - Windows Help If you don't see Local Users and Groups, it's probably because that snap-in hasn't been added to Microsoft Management Console. Follow these steps to install it: In Microsoft Management Console, click the File menu, and then click Add/Remove Snap-in. Click Local Users and Groups, and then click Add. Click Local computer, click Finish, and then click OK.

How to create a new user account in Windows 8 Now, go to the Windows 8 Start Screen and type Add User. When the search results appear click on the Settings category as shown below. Now click on the option labeled Give other users access to this computer, which will open the User Settings screen.
